Skills

Java, Python, HTML, CSS, Javascript, node.js

Teamwork, Leadership, Organization

Experience

Chef o Nette / Cook

Fall 2016 - Fall 2018, Upper Arlington, OH

Worked as a cook, both on the fryer and grill, at a local restaurant in my hometown. I gained experience working under a boss and taking instruction, and also running things on my own when my boss was gone or busy.

Website for Chef o Nette/ Front end developer

Fall 2018, Upper Arlington, OH

Made a basic website - chefonette.com - as I began to learn front end web development for the Chef-o-Nette, mentioned above. I used **Bootstrap 3, HTML, and CSS** to create a website that communicated the information the business specified and is responsive to mobile devices.

Source code can be found here: <https://github.com/cgallucci99/chefo-website>

Education

Miami University / BS, Computer Science

2017-2021, Oxford, OH

Currently studying Computer Science at Miami University, also looking to complete a Physics minor. **GPA - 3.76**

Organizations

Miami University Men's Glee Club / Member, Bass Section Leader

2017-Present

The Miami Men's Glee Club is a choral organization dating back to 1907. We tour every winter across the US and every few years to Europe. I am the bass section leader for 2018, where I will be leading my section and helping them with music.
